Envisioning a new world

November 7th, 2020

Program

***All times shown are US Central Standard Time (CST)**

This year's theme "**Envisioning a new world**" reinforces our commitment to a world where everyone has access to eye health and vision care that is affordable, accessible and of high professional standards.

2020 marks a key year for vision and the aftermath of the COVID-19 pandemic, make it even more relevant to be prepared to provide eye health services to those most vulnerable who are in risk of being left behind in what will be a more challenging world in the future.

The meeting will be organised using Zoom. Do not miss this unique opportunity!
